APRIL ACCOMPLISHMENTS

Issue Tracker #	Issue Description	Resolution	Application(s) Affected by Issue		
			Windows	**Web**	**Mobile**
	Work Measurement Study (WMS)	**Continued to provide data in support of the WMS**	✔		
6017	Need calendar icon for date fields.	Added calendar icon for all date fields.			✔
5571	Ticklers - Are not always grouped under the correct user name.	Defect was fixed.			✔
7052	When a user clicks to create a new folder, there is no way to cancel. User has to finish saving a new folder even if it is an accident.	Cancel button created.		✔	
9209	Need new sentence of "Imprisionment until 21st birthday."	Sentence added.	✔		
6858	When entering a record, unable to add note without first saving the entry. After the entry is saved, user has to click entry to activate the "Add New" note option.	Customization originally made to the Timesheet which allows users to enter a Note for a new entry without having to first save the new entry. Same customization has been applied to Charges Tab, Event Tabs (Schedule, Ticklers, Time, and Expense).		✔	

MAY TASKS

Issue Tracker #	Issue Description	Resolution	Application(s) Affected by Issue		
			Windows	**Web**	**Mobile**
4626	Customized Reports - Users need capability to customize reports themselves.	This item was postponed in April due to completion of WMS.	✔		
	Add branch-level data to JS-50 and AO Time Summary Reports for export to DSMIS.	This item was presented to DAWG and will be presented to DSAG for approval.	✔
